

# FIRST AID PROCESS

**NO PARENTS, SPECTATORS OR UNAUTHORISED VOLUNTEERS TO ENTER THE FIELD**

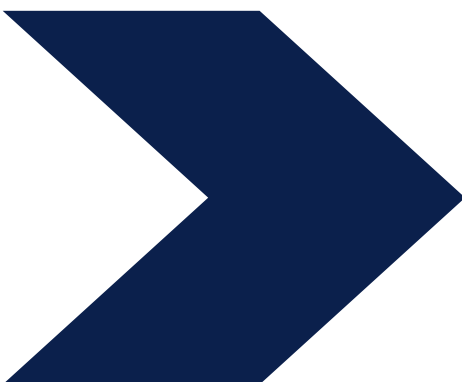

## **Injury Requiring Medical Attention:**

- 
- First Aider and Manager to attend injured player
  - Follow DRSABC steps
  - If necessary, request umpire to stop play to ensure safety
  - If minor injury remove player safely from field
  - First Aider to attend to injured player off the field
  - Refer player for medical assessment if necessary

## **Head Injury/Concussion**

- 
- First Aider and Manager to attend injured player
  - Follow DRSABC step
  - Use the HeadCheck App and follow recommendations
  - If no suspected head or spinal injury remove player safely from field
  - If player has suspected concussion, player is not to return to play
  - First Aider to send HeadCheck information to parent and recommend to seek medical assessment
  - If confirmed concussion, player must adhere to AFL Concussion Management Guidelines

## **Suspected Spinal or Neck Injury**

- 
- First Aider and Manager to attend to injured player
  - Follow DRSABC steps
  - If suspected spinal or neck injury **CALL 000**
  - Keep player comfortable, support neck
  - **DO NOT move and DO NOT use neck brace**
  - Liaise with umpires and parents regarding stopping the game until ambulance arrives
